

## Clinical Psychologist

EDGE Counseling Solutions invites applications for the position of Clinical Psychologist. With an innovative approach to therapeutic services, EDGE Counseling Solutions provides the highest quality treatment to residents of Lake and Northern Cook Counties in a respectful team oriented environment. Utilizing evidence based approaches, EDGE clinicians deliver services to clients with a focus on assisting them in accomplishing and achieving their objectives.

### Responsibilities include

- Specialized provision of therapeutic intervention to individuals, couples and groups of all ages presenting for treatment
- Development and implementation of plans of treatment, with a focus on evidence based interventions
- Ongoing evaluation of the efficacy of treatment interventions and dynamic utilization of therapeutic services based upon this evaluation
- Selection and administration of psychological assessment tools as appropriate based upon the needs of the presenting individual or referral
- Active collaboration with other professionals, both internally and externally, to ensure the best possible course of treatment for all clients
- Maintenance of accurate and timely documentation of services within an electronic health record (EHR)

### Requirements

- Doctoral degree (Ph.D. or Psy.D.) from a college or university accredited by the American Psychological Association
- Unrestricted license in the State of Illinois as a Clinical Psychologist
- Minimum of 2 years outpatient experience post licensure

### How to apply
