45 YEARS AT OMNI
MAKING MOVES

2017 REPORT TO THE COMMUNITY | JULY 1, 2016 TO JUNE 30, 2017
To partner with parents and the community to provide innovative transformational behavioral and educational support services to children, adolescents and young adults that create pathways to successful and healthy behaviors throughout life

To lead the way in finding innovative solutions that create positive change in youth, family and community life
DEAR FRIENDS AND FAMILY,
2017 was the year of OMNI making moves.
Whether it was a move to a new location or a move to expand our program offerings, we took the necessary steps to provide more youth and families with access to our services than ever before.

One of OMNI’s proudest 2017 accomplishments was opening a new program facility in Wheeling, Illinois. After receiving a generous building donation, our organization began a yearlong campaign to raise the funds needed for crucial renovations. With the help of OMNI’s altruistic donors, we reached our campaign goal of $1.25 million. The space we created through renovations not only gives us the opportunity to diversify our program offerings, but also allows us to serve larger numbers of youth and families than our other sites in Buffalo Grove and Arlington Heights.

The initial campaign for the new building may be over, but OMNI is still raising funds as we move forward with our services at the OMNI Youth Services Borden Family Center. This past fall, we raised over $55,000 from our 45th Anniversary Celebration, Denim, Diamonds and Decades. Celebrating OMNI’s impact over the past 45 years brought us all to one important question: How will OMNI continue to grow and help the community in the next 45 years?

As always, OMNI will continue to meet the changing needs of youth and families in the community through developing new programs and services. One current effort we are particularly dedicated to is creating new strategies to provide Medicaid and Medicare recipients with greater access to our services.

The successes listed throughout this year’s report would not have been possible without the dedication of OMNI’s long-term volunteers and donors. We extend our sincere gratitude and look forward to continuing our work together as we move into the future.

Sincerely,
Christine Chabot and Kurt Winter,
OMNI 2017 and 2018 Board Presidents

“As always, OMNI will continue to meet the changing needs of youth and families through developing new programs and services.”

45 YEARS AT OMNI
MAKING MOVES

45 YEARS AGO A GROUP OF CONCERNED CITIZENS, ELECTED OFFICIALS AND MENTAL HEALTH PROFESSIONALS CAME TOGETHER TO DEVELOP A COMPREHENSIVE YOUTH SERVICE SYSTEM THAT WOULD RESPOND MORE EFFECTIVELY TO THE NEEDS OF YOUNG PEOPLE.
They named the organization OMNI-House Youth Services Bureau. OMNI, meaning “all” in Latin, would be a place for all youth and families in the community to receive support.

Throughout the years, OMNI has grown and evolved from its humble beginnings. As the premier youth service agency in the northwest suburbs, we now touch the lives of over 15,000 youth and family members each year. Join us as we go backward in time to reflect on the moves we’ve made to become the organization we are today.
In 2015, Ron Borden generously donated a 9,000 square-foot building to OMNI. This donation, along with $350,000 in renovation contributions from other benevolent donors, made it possible for OMNI to establish a new program facility in Wheeling, Illinois.

After 17 months of renovations, the OMNI Borden Family Center officially opened in July 2017. The addition of this new location allows OMNI to be more flexible with its services, which include after-school educational support, individual and group counseling, community outreach, and substance abuse and teen pregnancy prevention.

Although OMNI has provided services to Wheeling community members since 1972 (having previously operated several offices in the municipality), the new family center reestablishes a physical OMNI Wheeling site and provides Wheeling residents with greater access to our behavioral health services. The addition of the family center is another step in our continuous journey to better meet the needs of youth and families.

“the addition of this NEW LOCATION ALLOWS OMNI to be MORE FLEXIBLE with it’s services, for ALL OUR MEMBERS.”
The OMNI Youth Services Family Borden Center isn’t the first time OMNI has added a new location. Take a look at the moves we’ve made over the years that have allowed us to diversify our program offerings and meet the growing needs of youth and families.

1971
OMNI HOTLINE

A group of volunteers and concerned citizens establish and run a hotline to help youth in trouble. This hotline is the start of OMNI’s evolution.

1974 - 1984
OMNI-HOUSE YOUTH SERVICES BUREAU
57 SOUTH WOLF ROAD, WHEELING

OMNI-House expands and achieves many notable accomplishments at its new location, including the implementation of youth mentor programming, outpatient drug treatment and early intervention, juvenile offender programming, a 24-hour crisis intervention system, and services for runaway and homeless youth. OMNI-House also becomes a lead agency in the Northwest Suburban Child Protective Network, which provides intensive in-home counseling to abused and neglected children and their families. This initiative evolves into what is now OMNI’s Family Preservation Department.

1985 - 1989
OMNI YOUTH SERVICES
222 E. DUNDEE, WHEELING

OMNI House changes its name and headquarters, becoming a charter services provider of adolescent drug and alcohol treatment in the process.

FUN FACT

“Three Men and a Baby” was the highest-grossing film of 1987 domestically, earning close to $170,000,000 at the box office.

FUN FACT

In 1972, Atari released Pong. It became one of the first commercially successful video games and helped establish the gaming industry.

FUN FACT

Mariah Carey and Boyz II Men released “One Sweet Day” in 1995. It spent 16 weeks at number one on the Billboard Hot 100, tying the record with Luis Fonsi, Daddy Yankee and Justin Bieber’s 2017 single “Despacito.”

OMNI staff, donors and service recipients came together to celebrate our organization's 45th anniversary at Punch Bowl Social on November 4, 2017.

Throughout the night, guests enjoyed games, food, dancing and inspiring messages from OMNI’s leadership and former service recipients. We had a wonderful time hearing and sharing the impact OMNI has had in the community over the past 45 years. However, we were most excited to look to the future together as OMNI continues helping youth and families the next 45 years!

We’d like to give special thanks to our Event Co-Chairs Diana Ferrara and Cheryl Hofmann. They provided outstanding leadership and helped the event raise over $55,000! These funds will support OMNI as we move forward and expand services with our new facility in Wheeling.

CELEBRATING 45 YEARS!
Thank you to the 150 new and longtime friends who joined us at our gala last fall!

THANK YOU TO OUR GALA SPONSORS!

“JULIA”
OMNI helped me realize there were others like me that needed help and support. I made new friends that help me and support me. OMNI helped me understand and build healthy relationships and avoid those people who tear me down.

“MARIA”
I want to say thank you to people and companies that donate to OMNI. Because of you, I received a scholarship to come to OMNI. Thank you! The scholarship basically saved my life. I don’t know if I would be here today if it wasn’t for your support and OMNI.

“DEREK”
My life has changed for the better. Without OMNI I wouldn’t be here right now — I would be in jail or not here at all.

“STEVEN”
OMNI staff help me deal with my family issues, suicidal tendencies and self-harm. I hope that I can continue to grow and be a better person.

“MANUEL”
Without OMNI I am not certain how long my life would have lasted. I now have hope for my future. I feel so much better, I feel happy. I thank you for that.

SUCCESS STORIES
OVER 30,000 HOURS OF COUNSELING PROVIDED TO YOUTH AND FAMILIES

97% of families in the Intact Families Program had no additional calls of neglect or abuse made while in OMNI services.

74% of clients ceased or reduced their substance use.

96% of clients had no additional criminal charges while under OMNI care.

98% of youth stayed enrolled in high school or re-enrolled.

100% OF FAMILIES
who were referred for child physical abuse or neglect in the Intact Families Program were able to avoid having their children placed in foster care or group homes and stayed together.

83% of youth were successful in treatment (reached 80% of their treatment goals).

OVER 30,000 HOURS

98% OF FAMILIES
who were referred for child physical abuse or neglect in the Intact Families Program had no additional calls of neglect or abuse made while in OMNI services.

PREVENTION
OMNI’s Prevention Team earned a regional and statewide contract from the Illinois Department of Human Services to address adolescent wellness through its Human Performance Project. Now available to schools across 11 counties in Northeast Illinois, the program teaches students, faculty and coaching staff how to live a healthy lifestyle, create a supportive community and school culture, and maximize their potential inside and outside of school activities. This student-led, faculty-supported program earned OMNI staff and Buffalo Grove’s student leaders national recognition as the Leader in Efficacy at the Life of an Athlete conference in Lake Placid, New York.

ANIMAL ASSISTED PSYCHOTHERAPY
In 2017, OMNI started offering Animal Assisted Psychotherapy (AAP) services to youth who may need help facilitating therapy, have spectrum disorders or are experiencing trauma, grief, depression or attachment issues. AAP integrates an animal with traditional counseling or psychotherapy in order to reach particular therapeutic goals. Health benefits of AAP include its ability to lower blood pressure and produce relaxation responses. We look forward to continue growing our AAP services and introducing more service recipients to this lesser-known method of counseling!
OMNI offers family, group and individual counseling for youth encountering emotional and behavioral difficulties. OMNI believes the best way to make positive change in adolescents is by encouraging them to learn through their actions. OMNI offers hands-on challenges with a treatment approach known as “experiential therapy”, which connects learning experience with the development of skills for life.

OMNI provides substance abuse and teen pregnancy prevention services. Our efforts focus on leadership development, education and policy and program development that prevents teen substance use (alcohol, tobacco, drugs), pregnancy, STI’s, relationship violence and promotes and improves overall health and well-being.

OMNI’s Youth Development Program provides the support and opportunities that facilitate the acquisition of leadership skills, encourage connections to the community, promote the development of personal assets and increase the likelihood that youth will become healthy and successful adults. Opportunities include peer juries, community service projects, student advisory boards and summer leadership programs.

OMNI has differentiated itself by successfully working with service recipients who are from communities or populations that are often overlooked or underserved, such as youth who are referred to us from the court system. At OMNI, these youth leave with life skills that help them turn their lives around. By emphasizing accountability, the reconciliation of past wrongs, community safety, and the development of emotional, social and cognitive skills, OMNI’s juvenile justice programs help youth develop the skills necessary to make better life choices.

Internationally recognized as an innovative provider of wilderness and adventure-based programming within an outpatient setting, Journey is OMNI Youth Services’ wilderness therapy program. Under the guidance of licensed/certified professionals, adolescents are challenged in unfamiliar outdoor settings. During a Journey experience, the wilderness confronts youth and families with the natural consequences of their good and bad decisions. This facilitates learning and understanding. Adolescents learn to work with others, improve team leadership skills, develop trust, take appropriate risks, increase self-esteem, and have appropriate fun.

Since 1972 OMNI Youth Services has been a leader in providing life-changing counseling and prevention services to at-risk youth and families. Through an experiential approach that supports learning through doing, OMNI programs provide a unique and effective way for youth and families to develop strengths and build skills they can use for a lifetime. The mission of OMNI Youth Services is to develop responsible youth and strengthen families through comprehensive, community-based programs of counseling, youth development, prevention and partnerships.

OMNI’s highly accomplished and licensed staff has expertise in developing programs that meet the wide array of ever changing needs of adolescents and their families; from youth seeking to an active role in the community, to youth and families who are dealing with serious issues of alcohol and other drug use, juvenile delinquency or emotional problems. OMNI helps teens resist destructive behaviors so that they will become responsible, caring and engaged community members.

OMNI annually serves thousands of individuals in over 25 communities throughout Chicago’s northwest suburbs. OMNI’s services include counseling, 24-hour crisis intervention, substance abuse prevention and treatment, youth mentoring, family preservation, juvenile justice services, youth development and a multicultural resource center.
